ABOUT TRIP.

A NASA trip is an educational tour that allows students to learn about NASA and space exploration. These trips can include hands-on activities, interactions with astronauts, and visits to NASA facilities.

WHAT TO EXPECT

Meet astronauts:

Students can meet and take photos with astronauts, and learn about their experiences in space.

Explore NASA Facilities:

Students can visit different areas of the NASA campus, including pavilions and exhibits

Participate in activities

Students can participate in hands-on activities, such as climbing into mock-ups of spacecraft.

Watch shows

Students can watch live shows and 3D films about space exploration

Learn about Earth science

Students can learn about how NASA uses remote sensing to collect data about Earth

Who can go:

NASA trips are open to school students (Grade 6 to Grade 12).

OUR PROGRAMS

NASA has several programs that students can participate in, including the NASA Space Apps Challenge, NASA Space Place, and Pathways Internship Program with adjoining Cities of United States.

Itinerary is Given Below.....

TOUR ITINERARY - INDEX:

KSC - VISITOR PASS PROGRAMS

5N/6D: New York - Orlando

Note: 1 Days Visitor Pass at Kennedy Space Center

Tour Code: EDT#056DM

8N/9D: New York - Washington DC - Orlando - Boston

Note: 2 Days Visitor Pass at Kennedy Space Center

Tour Code: EDT#089DM

9N/10D: New York - Washington DC - Niagara - Orlando

Note: 2 Days Visitor Pass at Kennedy Space Center

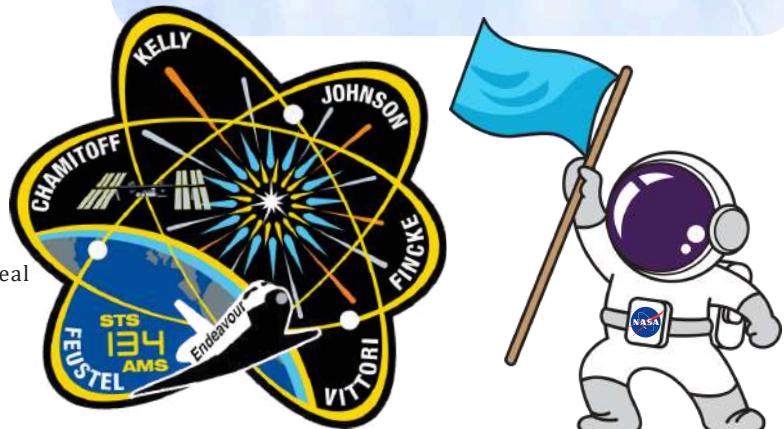

Tour Code: EDT#0910DM

KSC - 3 DAYS CAMP PROGRAMS ACTIVITIES

Camp KSC activities take place throughout Kennedy Space Center Visitor Complex, including the Astronaut Training Experience (ATX)®, Mars Base 1, Apollo/Saturn V Center, Space Shuttle Atlantis® and Gateway: The Deep Space Launch Complex®. Each team participates in a variety of hands-on STEM challenges, labs and astronaut-training simulations designed specifically for their age group. Camp curriculum and activities are specific to each group, but do not vary by week throughout the summer. Campers who attend multiple weeks will repeat the same curriculum and activities as previous weeks.

Campers will dive into missions such as:

- Mars habitation operations to solve possible emergencies
- A microgravity simulator, learning to work in a frictionless environment during a simulated spacewalk
- Simulated spaceflight from Kennedy Space Center to Mars
- Mars surface exploration using virtual reality
- Botany Lab vegetable growth and harvesting, sending data to real NASA scientists
- Mars rover robotics to optimize power for the Base
- Engineering builds, themed to each age group
- Hands-on STEM challenges
- Team building, communication and collaboration
